

**SUPPLIER QUALITY ASSURANCE MANUAL
FOR PARTS AND RAW MATERIALS**

***** QUALITY ASSURANCE FOR TRIAL PRODUCTION *****

SECTION 26 – Hazardous Material Reporting Requirements

PURPOSE: To define Supplier requirements for reporting hazardous material content for mass production parts or raw materials.

SCOPE: Applies to Suppliers of production parts and raw materials to DENSO.

EXPLANATION:

In order to meet the EU End-Of-Life (ELV) directive, OEM, and Denso Corporate initiatives all suppliers of parts and raw materials are required to report product structure, material, substance, and recyclability information. Denso requires the information to be submitted by utilizing the AIAG Compliance Connect spreadsheet (Microsoft Excel) or the International Material Data System (IMDS).

SUPPLIER RESPONSIBILITIES:

1. The required reports must be submitted by the due date shown on the NQAR. Failure to submit by the due date will delay final approval.
2. Product material reporting requirements for DENSO and complete instructions for both methods can be downloaded at www.densocorp-na.com/corporate/environment.html.
